WALK-IN BATH

Elegant design with barrier-free entry and smart closure.

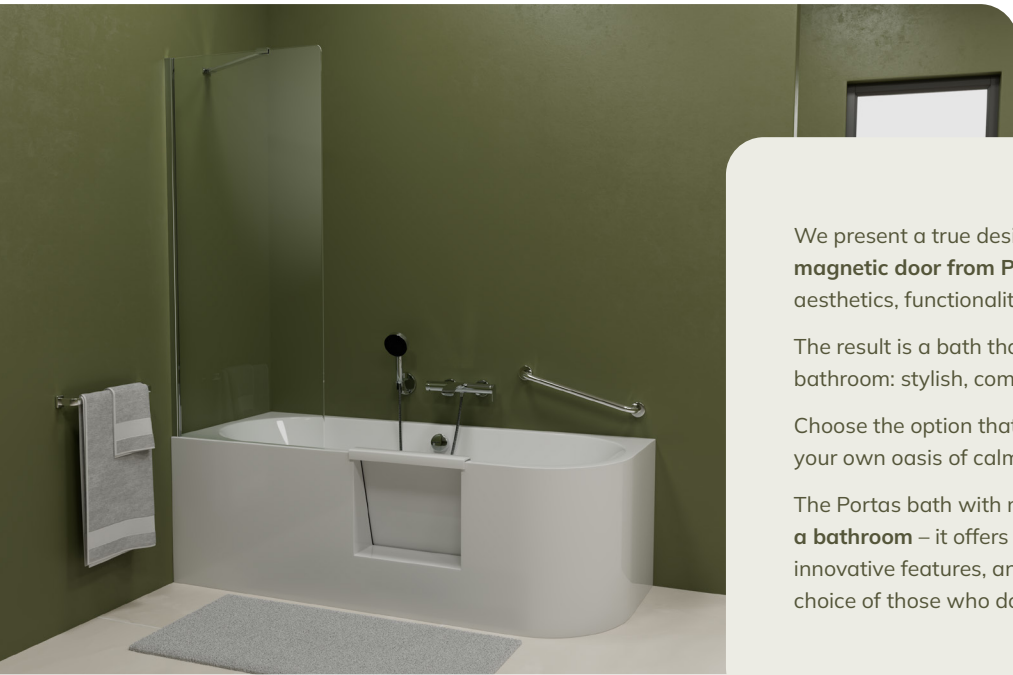

ELEGANT DETAILS AND CLEAN LINES

Suitable for modern bathrooms where every detail is carefully considered.

BARRIER-FREE ACCESS

Ideal for maximum comfort, safety, and independence in your own bathroom.

We present a true design gem – **the new bath with removable magnetic door from Portas**, offering the perfect combination of aesthetics, functionality, and barrier-free comfort.

The result is a bath that becomes a multifunctional element of your bathroom: stylish, comfortable, and functional.

Choose the option that best suits your style and needs – and create your own oasis of calm, where every detail meets your requirements.

The Portas bath with magnetic door offers **more than just a bathroom** – it offers a space that combines cutting-edge design, innovative features, and maximum comfort. It thus becomes the choice of those who do not want to compromise.

PREMIUM DESIGN

The PORTAS bath forms a single „monolithic“ block of acrylic with no visible joints – sharp lines, clean design.

BARRIER-FREE ENTRY

Low threshold, easy access even for users with limited mobility – comfort and independence every day.

INNOVATIVE MAGNETIC MECHANISM

Door with integrated neodymium magnets and seals that use water pressure to close – safe and reliable.

FLEXIBILITY & ACCESSORIES

Choice of options – add a shower screen or seat for comfortable sitting.

The bath's design is based on the **MONOLITH** model, giving it a clean and premium minimalist look with unique quality workmanship. **Removable door** with integrated strong neodymium magnet: the special seal is firmly seated before filling – after filling with water, it uses the water pressure to close and seal perfectly.
